# WHISSTOCKS WOODBRIDGE

The Westcoast Windows Classic series is a unique design manufactured with aluminium profiles and high density, knot-free laminated timber, sourced from sustainable forests.

The Classic series is available in inward and outward opening windows and doors, and sliding doors, in 28mm double and 36mm triple glazing. Take a look at the full range:

The Westcoast Windows Design series has been developed with contemporary architecture in mind, with a deeper glass unit to create a minimal step between outer glass and frame for maximum light, a flush finish and elegant lines.

The Design series is available in a wide range of fixed windows, open out windows, open out doors and sliding doors and offer a U-value of 1.0 W/m<sup>2</sup>k for opening and 0.9 W/m<sup>2</sup>k for fixed windows.
